**Subject: The School of Medicine Cost of Attendance Policy**

**PURPOSE:**

The School of Medicine at Meharry Medical College Cost of Attendance (COA) policy outlines the required tuition, fees, and other miscellaneous charges for attendance to medical school.

**POLICY STATEMENT:**

The School of Medicine at Meharry Medical College has one tuition rate regardless of in-state or out-of-state status. Per federal regulations, the COA includes mandatory education-related expenses incurred by all medical students at our school from the first day of classes to the last day of classes of the given academic year. These include tuition, fees, and allowances for living and other expenses, such as housing, food, transportation, and personal expenses. Total financial aid, including scholarships, grants, federal loans, private loans, etc. cannot exceed your COA.

Tuition and fees are based on the approval of the Board of Trustees and the Dean at Meharry Medical College, which typically sets them in May for the upcoming year.

Actual living expenses vary according to the set financial aid cost of attendance budgets, based on classification and the term of enrollment.

The following expenses represent the amounts established by the Meharry Medical College Office of Student Financial Aid as reasonable costs for attending Meharry Medical College School of Medicine. It is expected that most students can live within these costs. Modest annual increases can be expected.
